A decorative border of black umbrellas surrounds the text. There are 18 umbrellas in a horizontal row at the top, 18 in a horizontal row at the bottom, and 18 in a vertical column on the left side, and 18 in a vertical column on the right side.

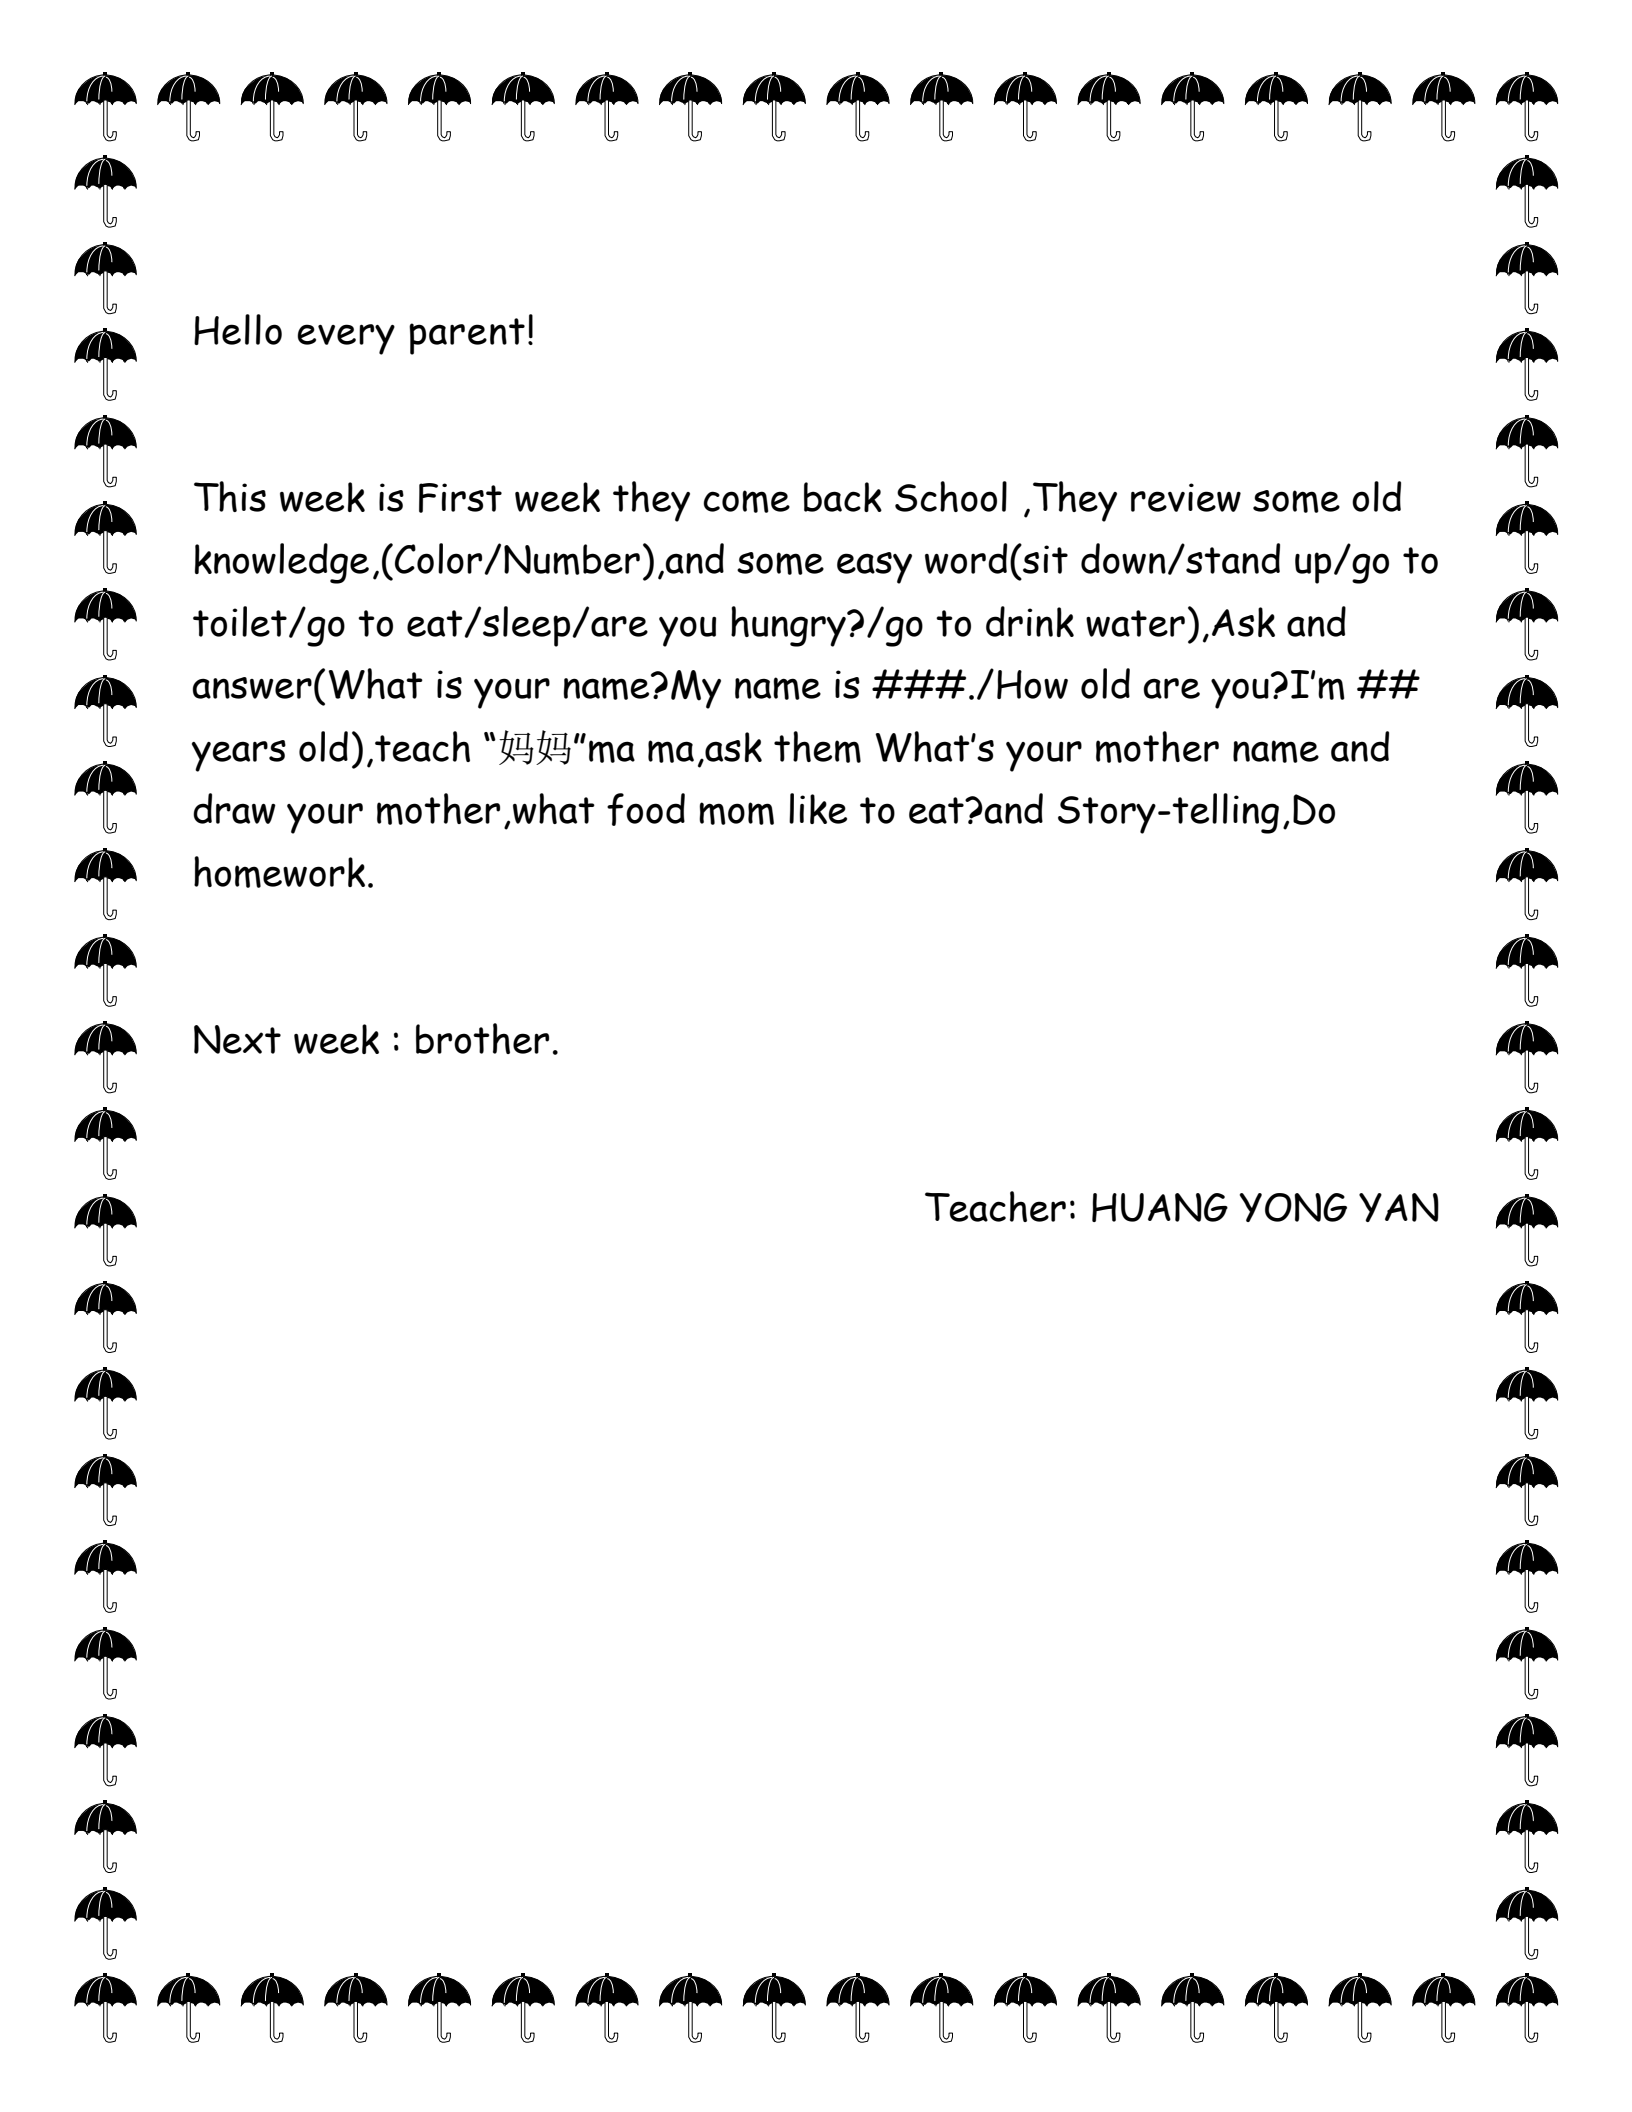

Dear Parents We had a very busy week. The learners practiced forming the different letters of the alphabet correctly. We also did the "sh" diagraph and completed the first spell test. Next week's words for the spell test are; him, rest, pet, had, desk, hen, test, rat, hit and mad.

In Themes, the learners learned about reptiles. We spoke about the characteristic, how the eggs are laid and buried in the ground. How the mommies will leave the babies and that they will take care of themselves.

In Science Experiments the learners "walked on eggs". They learned that balance is key. When they stand in the middle, their weight is distributed between the eggs, but when more pressure is placed on one egg, it cannot with stand the pressure.

In Arts and Crafts the learners weaved crocodiles from colored paper. This was rather difficult for them, but they did quite well. It would be great for them to continuously practice weaving things in patterns.

I wish you a beautiful weekend T.Raldi
